Since we began this fall the Private Sale of the residence lots in the great private residence park

RSITY HEIGHTS

We have sold \$407,584.41 of this property. OVER NINETY HANDSOME PRIVATE RESIDENCES are under written agreement for immediate erection. During the next twelve months we confidently expect that a thousand people will become residents of what is sure to become the finest as well as the largest strictly private residence park in America. Many of the shrewdest judges of real estate values in the city have purchased heavily and many of the nicest homes in the city will soon be erected. If you purchase NOW, while the opportunity is still open, we do not hesitate to state it as our judgment that you will reap at least a 50% increase in value within two years. We have ALREADY RESOLD some of the lots for customers to their profit. Two of Washington University's professors have located their homes in this great park, which from the very nature of its restrictions and its location is sure to become the most fashionable as well as desirable and beautiful residence park of St. Louis. There is no sense in purchasing a lot in some distant rural subdivision when you can purchase one in such a locality as University Heights on the terms offered: 10% cash, balance in monthly payments, with no interest charges for two years and only 4% thereafter. The increase in value within those two years will help considerably to pay for your residence. Many have purchased two lots, one for investment and the other for their home. You can choose your neighbors here, with the assurance that in the future NOTHING BUT STRICTLY PRIVATE HOMES of the best sort can be built near YOUR HOME. That is worth a good deal. Come in and see us, BUT FIRST GO OUT and SEE THE PROPERTY ITSELF. Take the Delmar avenue car to the Woman's Magazine building. Courteous salesmen will show you over the property. Four beautiful homes built to fix the character of the blocks are for sale. YOU should be living in one of them.

that while it becomes as hard and solid as rock it retains a resiliency and a per-viousness that is remarkable. The com-bination of firmness, resiliency and per-viousness makes it, to date, the most per-fect material ever put under a track.

north of Sweetwater.

Indianapolis, Ind., Nov. 4—A special to the Star from Muncle, Ind., says:

As the result of the decision of the Indiana Railread Commission that it has the power to establish an equitable rate on coal, when the fuel is used in the manufacture of a product to be shipped out of the State, the American Sheet and Tin Plate Company has asked the commission for a reduction of from 60 to 90 cents a ton on the rate of coal from the Indiana fields to the gas belt. If the commission takes faverable action, it is reported that the corporation will again operate the twenty-five mills located in Eastern Indiana.

REPUBLIC SPECIAL

Jackson, Miss., Nov. 4.—The appointment is announced of Mr. M. Moyse as the successor of Mr. J. T. Savage, supervisor of the Little J. district of the Yazoo and Mississippi Valley road, who recently tendered his resignation to the management, and will enter the reality business.

Mr. Moyse has heretofore held the office of assistant trainmaster on the main line of the Yazoo and Mississippi Valley system, and it is understood that he will continue to discharge these duties in addition to serving as supervisor on the Little J system. His headquarters are at Wilson, La. Other changes in the management of the Yazoo and Mississippi Valley lines in this section are expected in the near future, resulting from the appointment of W. S. Kling of Memphis as general superintendent.

it connects with the Chicago and Alton, to Taylorville, The road eventually will be extended eastward to Paris, via As-sumption, and westward from Auburn to Roedhouse, in Green County, Grading has been commenced on the road, which is an extension of the Pawnee Railroad, from Pawnee to Taylorville, sixteen miles.

New Georgia Ruiings.

The Rairoad Commission of Georgia has issued two circular notices containing new rules and medincations of existing rules. On account of complaints as to the weight of empty freight cars, the commission has ordered a reweighing of empty cars by a sworn weigher. The commission has assigned the Augusta and Florida Railroad to freight class D.

The commission specifies the following rates of freight on logs, c. l. from stations on each line entering Athens, for distances under 19 miles; Ten miles and under, 36; 16 to 29 miles, 37; 29 to 39 miles, 38; 39 to 49 miles, 312; in each instance per 60,000 pounds, excess to be charged in propertion.

The other rules cover the reweighing of coal or lumber on request, the matter of storage and storage charges, the prompt farnishing of cars and the prompt delivery of freight.

Tehuantepec Traffic.
It is reported that, pending the comple-tion of the Panama Canal, the National

Railway of Tehuantepec will receive an-nually from the American Hawaiian Steamship company 309,000 tons of Ha-waiian sugar for shipment across Mexico.

Kentucky Rate Hearing. On November 13 the Kentucky Railroad Commission will convene in Frankfort to hear the general complaint made by the shippers all over the State in regard to alleged discrimination of freight rates on all commodities that are shipped in and out of territory configuous to the Ohlo River.

Oklasma-Sequerah Hates. Effective on November 10, import rates to points in Indian Territory and Oklahoma will be the demestic rates from Golf and Atlantic ports, observing as a maximum the import rates to the Missouri and Mississipal rivers, plus the locals to points in Oklahoma and Indian Territory.

Your nearest druggist will send your Want Ads to The Republic. Fined on Landindy's Complaint. Tony Stack was fined \$20 in the Dayton Street Police Court yesterday on a charge of disturbing the peace of Mrs. Margaret Tighe, of No. 2827 Morgan street, at whose house he bearded. He was arrested last Friday, after a dispute about board. THIEF AT THE COURTHOUSE.

Valuable Overcont Belonging to Clerk Lewis Stolen.

Clerk Lewis Stolen.

The overcost thief made his appearance at the Courthouse yesterday for the first time this season. A valuable overcost belonging to Alexander M. Lewis, clerk in Judge Puber's division of the Circuit Court, was stolen at 1 p.m.

Court had adjourned and Mr. Lewis was entering decrees in his record book Leaving the courtroom for five minutes, he returned to find his overcost gone.

Captain Horton, a jonitor, was standing in the corridor at the foot of the stairs to the second floor and saw a short, about man, supposed to be the thief, leaving with the cost upon his arm.

A few minutes later Mr. Lewis cameruning down the stairs and asked Horton if he had seen a man with an overcost. A search was made, but no trace of the man or cost was found.

Several overcosts and other garments were stolen from the courtrooms last year.
